

Dining/Restaurant Card

I have Alpha-gal Syndrome (AGS). Please help me avoid the following:

- No mammalian meats: beef, pork, lamb, venison, organ meats (liver, bacon, sausage)
- No broths/gravies made from beef/pork bones or drippings
- No gelatin (desserts, capsules, some sauces/candies)
- No animal fats (lard, tallow, suet) — use vegetable oils
- Dairy only if I confirm it is acceptable today
- Avoid cross-contact on shared grills, fryers, knives, and cutting boards

Thank you! If unsure about an ingredient, please ask me.
